EVERYTOWN COMMUNITY SAFETY FUND

Organizational Capacity Index

OCI Capacity Coach

Helping the groups who stop shootings in their neighborhoods grow stronger, with a clear plan they can start on Monday.

SOLUTION OVERVIEW · BEFORE AND NOW

Same questions, same scoring. A very different experience.

	BEFORE: EVERYTOWN'S PILOT AND PROTOTYPE	NOW: LIVE TODAY
Writing the report	2 staff, by hand, for each of 45 groups	**Every group, in about a minute**
The tool	Scoring code on a basic screen: scores only	**A full website: answer, plan, chat, roadmap, PDF**
What a group gets	A long record: 57 areas to improve, 19 marked high priority	**The two things to start with, then a 12-week plan**
Reading it	A long document, in English	**Plain words, read aloud, Spanish, on a phone**
After the report	Nothing to track follow-through	**Weekly steps, badges, a retake in week 12**
Everytown's view	One analysis by hand, July 2025	**Live: training needs, plain questions, similar groups**

Before: Everytown's OCI package (vision document, 2025 findings, handoff slides, sample report for Riverbend)

SOLUTION OVERVIEW · NEW FEATURES

What we added for Everytown, and what each one gives

For a group's leader

- **Pick how to answer, English or Spanish, on a phone**
  Easy for anyone to finish
- **Save, resume, or send an area to a teammate**
  The work is shared
- **A plan in about a minute, labelled by source**
  No waiting, nothing hidden
- **Start here: the two things to do first**
  Not 57 problems at once
- **Listen, and chat about the report**
  Help in their own words, anytime
- **12 weeks of steps, badges, a week-12 retake**
  Small steps, visible progress
- **Ask for support, meet similar groups**
  A direct line to Everytown

For Everytown staff

- **Training needs, with a draft training brief**
  Training planned around real needs
- **Gaps by area, common gaps, change over time**
  The network picture, always current
- **Ask the data, in plain words**
  Answers without a data analyst
- **Peer groups and requests to connect**
  Peer learning made easy
- **Quality and follow-through**
  Review reports, spot stalled groups, send a check-in
- **One drawer per group, spreadsheet and PDF exports**
  Ready for any coaching call

Everytown's own 143 questions and scoring, unchanged · full list: docs/features-and-benefits.md

ARCHITECTURE · HOW IT WORKS BEHIND THE SCENES

Rules score. AI writes. Rules check.

RULES
1 Answers
The leader answers on our website.
Amazon CloudFront, Amazon S3

RULES
2 Scoring
Everytown's own scoring rules. No AI.
AWS Lambda

AI
3 Writing
Claude writes the plan, using 9 trusted field guides.
Claude on Amazon Bedrock, Knowledge Bases

RULES
4 Checking
Anything not tied to the group's own answers is removed.
Our code, Bedrock Guardrails

RESULT
5 The plan
On screen, as a PDF, or read aloud.
Amazon Polly

The filing cabinet
Answers and plans are stored safely, and only made-up groups for now.
Amazon Aurora

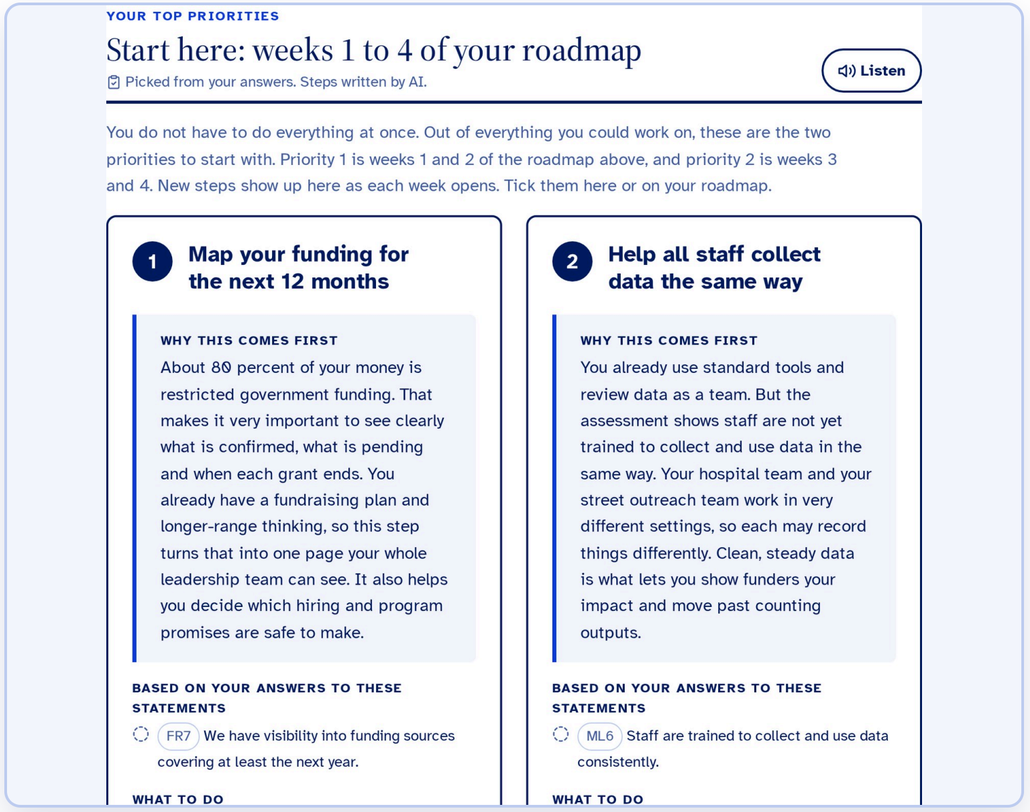

The flight recorder
Every step the AI takes is recorded, so staff can check it.
Amazon CloudWatch

Ready to hand over
One script sets it all up in Everytown's own Amazon account.
AWS CloudFormation

LIVE DEMO

Let's see it with a made-up group

1. **A group's answers, in one click.** Their plan starts writing while we keep going.
2. **Their plan, in plain words.** Each part says where it came from: their answers, or written by AI.
3. **Asking the chat a question.**
4. **Their 12-week roadmap**, with badges for each week done.
5. **Everytown's view** of the whole network.

PROPOSED INDUSTRY IMPACT

What changes, for groups, for Everytown, and for the nonprofit field

For local groups

- A plan in about a minute, not a wait
- Plain words, read aloud, Spanish, on a phone
- Small steps a team of five can do

For Everytown

- Staff time moves from writing to coaching
- Training planned around real needs
- A week-12 retake shows if support helped

For the nonprofit field

- Free and open for any funder to use
- About 11 cents per report; under $50 a year for 140 groups
- Grows to the whole network, no rebuild

OUR ASK

Try it with 3 to 4 grantees this quarter. Everytown invites them, staff go through each plan with the group, and Everytown's tech team sets it up in Everytown's own account.

Thank you. Questions?
